

North Mills River Stocking Volunteers

Although out of our Chapter's area we have many folks who enjoy fishing there and thus would like to participate in the group cleanup. The Asheville group meets at the North Mills Campground parking lot. At the present time we will leave it to the individual members to contact Dave Bender or Joe Moore for the dates and times for the River cleanup.

As with the other groups we recommend that you wear clothing that you wont mind getting wet and be sure to bring along a pair of gloves. Typically the stocking occurs at 9:00 AM in the parking lot. At this writing we offer two names as being knowledgeable regarding the stocking; Joe Moore and Dave Bender. Contact them for more information.
